

## **Writing and publishing an environmental epidemiology paper**

**Dr Jane Schroeder**, Science Editor, Environmental Health Perspectives, DHHS, NIH, NIEHS, Morrisville, NC, USA and Dr. Allen Wilcox, Editor-in-Chief, Epidemiology, NIEHS, RTP, NC, USA.

(organised by the ISEE Student and New Researcher Network Committee)

Have you wondered over what you might do to make your paper more appealing to a journal? Are you curious about what happens to your paper once it gets to a journal? Have you puzzled over how to respond to reviewers' comments, or editors' requests? Hear two editors discuss the manuscript process from the journal perspective, with time for questions from the audience.
